Wedding Sketch Artist

"Just wanted to thank you for the amazing art you made on our wedding day. We are looking forward to giving them to our family and friends over Christmas as presents." C & J

- Unique, quick, spontaneous, intuitive and quirky sketches drawn on the spot at your wedding.*
- I work fast and what I draw on the day is what you get.
- A sketchbook of black and white pen and ink/watercolour images and a series of full colour iPad digital drawings will be yours to keep - potentially around 30 or more unique images.
- Let me loose and I'll create a light-hearted collection of memories!
